

# Tcl Summer of Code

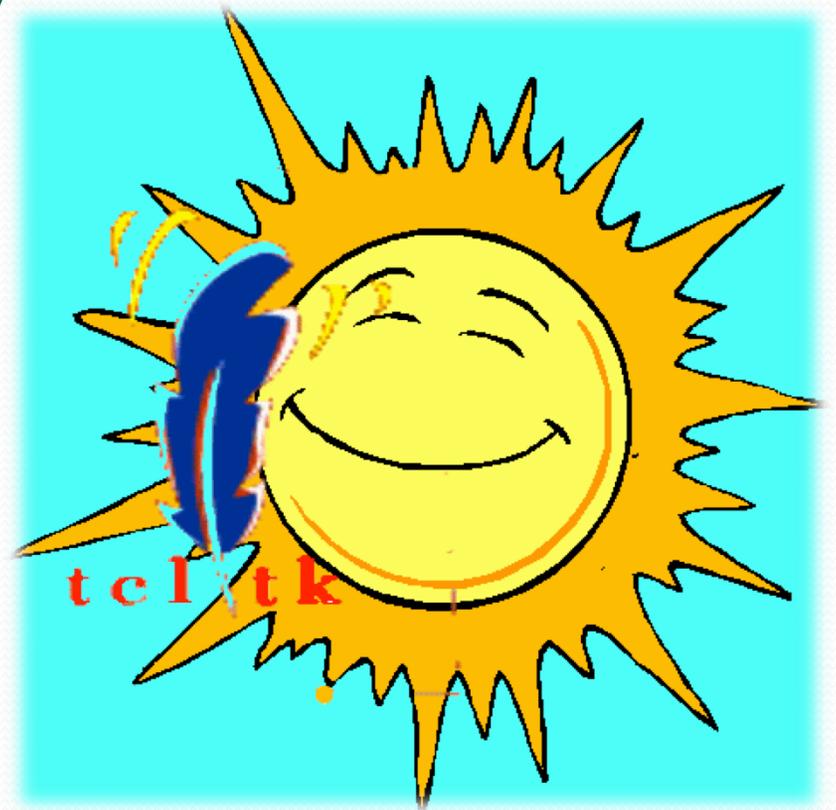

What are we going to do tonight, Brain?

the same thing we  
do every night, Pinky....

**...TRY TCI TAKES  
OVER THE WORLD!**

# Agenda

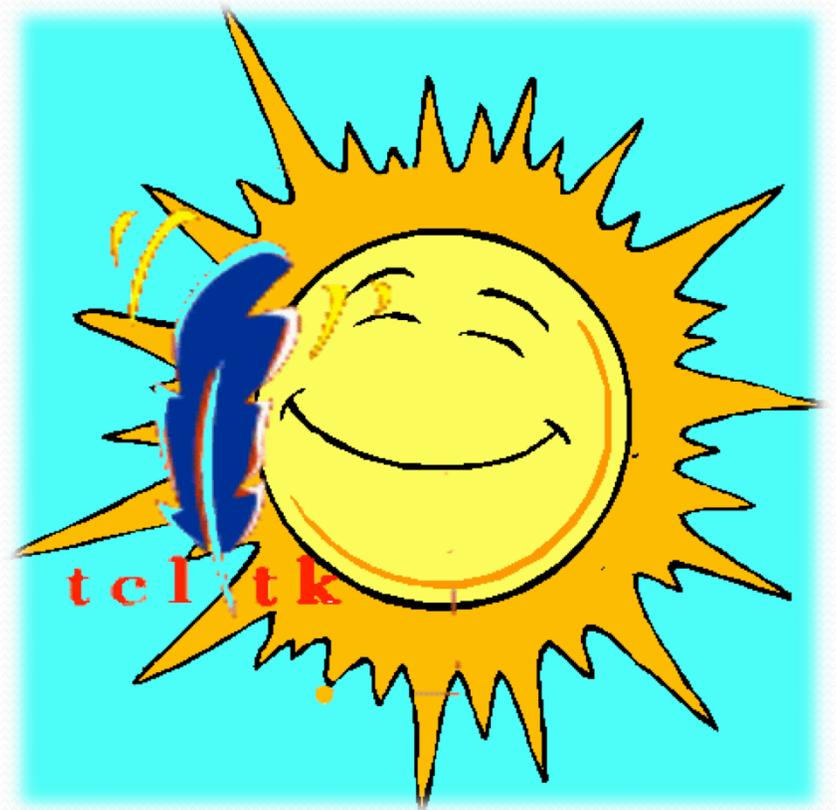

- About GSoC
- Program stages - subjectively
- Applying - notices
- Startup – notices
- Impressions

# What is GSoC?

**GSoC = Google Summer of Code**

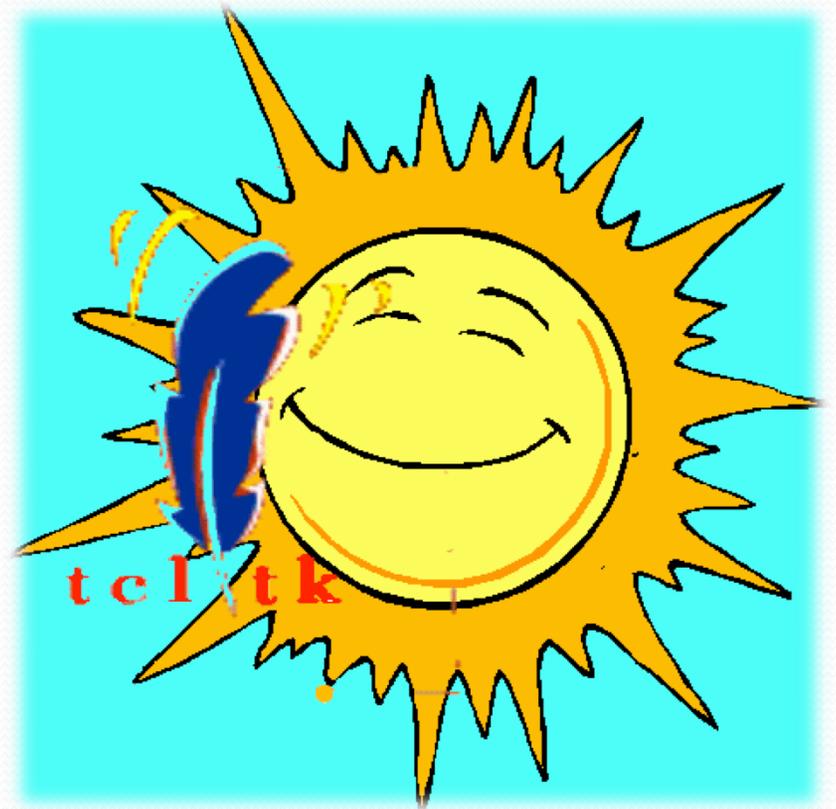

- **Scholarship program for students**

# What is all about?

## Goals:

- „philanthropy”
- have something done  
for Tcl! :)
- gain new Tcl users

# Stages

- ✓ **Applying**
- ✓ **Startup**
- ✓ **Work in progress**
- ✓ **Finalizing**
- ✓ **And...?**

# Applying

- How does it look like?
- From mentor's point of view
- From student's point of view

**What could be improved?**

- Layout of the ideas page
- The project ideas template:  
<http://wiki.tcl.tk/27201>
- Project proposals being discussion about it ;)
- Projects could be sorted by priority

# Startup

- **Outline (at least) project goals on tcl mailing list(s)**
- **Skype**
- **Consultations: up-to-date and relevant resources**
- **Consultations: good IDE and tools**

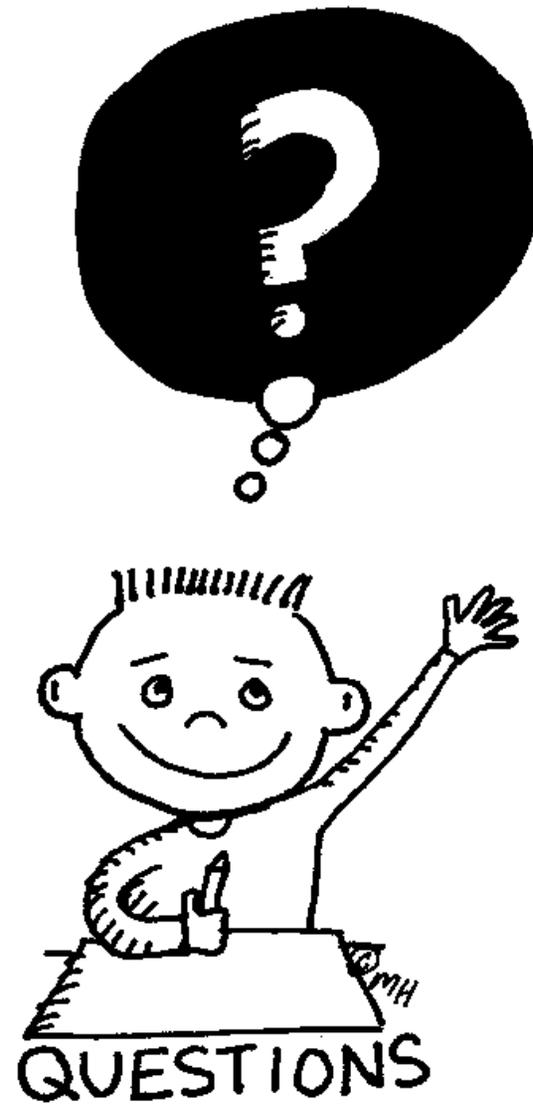

# Tcl and other organizations

- We as students
- We as students had more experience how to work

# What GSoC has given to us

- **View of what open source project looks like**
- **Experience in time planning**
- **Retrieving requirements**
- **Got to know Tcl**
- **Got to know real-life developers**
- **English Polishing 😊**
- **...**

Q?

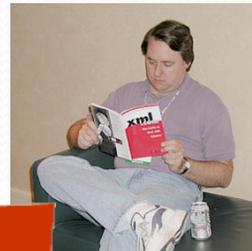

# Dziękujemy - thanks

- Jenke to Clif!
- Jeff Hobbs

- Donal K. Fellows
- Donal Porter
- Andreas Kupries
- Larry Virden

- And Tcl Organization

And special thanks to...

**Tomasz Kosiak**

# Thank You Tcl
