### → Who is DOVICO Software?

DOVICO has been the undisputed global market leader in developing and manufacturing high technology products dealing with project time since 1989. Since its early beginnings, this CMMI® company has been focused on its development of award winning time and project management software marketed under the trade name of DOVICO Track-IT®.

### → Why DOVICO Track-IT® Suite?

Our easy to use software helps maximize the value and performance of your employee time while monitoring project costs and expenses. Today's competitive business environment demands that managers run their organizations leaner, faster and smarter - with fewer people and lower costs. Our award winning DOVICO Track-IT® Suite delivers results straight to the bottom line.

# deliver your projects on **time** and on **budget**

## ➔ How does Track-IT® Suite Work?

With DOVICO Track-IT® Suite software, your employees simply submit their time and expense information through the Web, Network, Palm PDA, or through most Wireless devices (web enabled cell phones, PDA's etc.). Managers control costs and increase profits by automating their time and expense approval process, project and resource monitoring, and employee vacation accruals.

## ➔ Powerful Reporting

- Over 135 reports
- Employee productivity feedback reports
- Export in 70 formats (Excel, HTML, XML, PDF etc.)
- Automated reporting and web publishing
- Customize or create your own reports
- Free additional published reports
